DIE BÜROEINRICHTUNG

vitalform energizes the office

**electromotive, vertically adjustable
from 68 – 119 cm in 10 seconds**

**versions with a 3-way lifting column
adjustable range of 65 – 130 cm**

**quiet motors (< 60 dB) for an undisturbed
working environment**

optimal integration due to synchronised drive motors

**safety with the automatic soft-switch off: the
resistance is registered automatically, the movement
is halted and the desk top is reversed back
from the obstacle**

**overload protection by means of automatic shut-off
in the case of continuous operation**

**intelligent accessories for cable management,
interlinking and screening**

**GS-certified by the German administrative
mutual insurance association**
